FEATURED TOPIC

Optimizing Nutrition and Protein Delivery in the ICU: We Must Do Better!

Presented By:
Dr. Paul Wischmeyer, MD, EDIC, FCCM, FASPN

Date: November 3rd, 2022
Webinar info: Zoom Link to be sent prior to event
Time: 6:00 – 8:00 PM
Networking 6:00 – 6:25 PM
Housekeeping 6:25 – 6:30 PM
Speaker Presentation 6:30 – 7:30 PM
Questions/Closing Announcements 7:30 – 8:00 PM
Credits: 1 CPEU for RD/RDN, pharmacists and pharmacy technicians
Cost: MSPEN Members: Free, non-members: $20

TO REGISTER AND FOR MORE INFORMATION

Please RSVP by October 27th 2022 here
For questions about this event, please contact Jennifer Morgenstern at jmorgenstern1392@gmail.com

Cost: Members: Free
Non-Members: $20

Not a MSPEN member and interested in becoming one?
Email Patricia Brown, Membership Chair at pbrown57@jhmi.edu to learn how!

MSPEN is a 501(c)(3) non-profit organization
Presentation Details: **Optimizing Nutrition and Protein Delivery in the ICU: We Must Do Better!**

Learning Objectives: At the completion of this knowledge-based activity, learners will be able to:

1. Identify barriers and challenges to ICU nutrition delivery
2. Discuss methods to overcome selected barriers and challenges to ICU nutrition delivery, including feeding on vasopressors, feeding on neuromuscular blocking agents and feeding in the prone position
3. Review the latest literature and advances regarding personalized nutrition delivery via use of metabolic cart and other innovations to better target feeding and recovery in ICU
4. Review recent data for use of early parenteral nutrition and supplemental parenteral nutrition, and the key role of oral nutrition supplements in improving outcomes and recovery in ICU

CPE credit: 1.0 contact hours (0.1 CEU)
Universal Activity Number (UAN): 0025-9999-22-091-L01-P, 0025-9999-22-091-L01-T
Target audience: Pharmacists, Pharmacy technicians, dietitians
**Successful completion criteria:** Successful Completion of each activity requires preregistration; participation in the entire activity, including all active learning and assessment activities; submission of an attendance record; and completion of an online activity evaluation within 72 hours.

**Presenter:** Dr. Paul Wischmeyer, MD, EDIC, FCCM, FASPEN
*Professor of Anesthesiology and Surgery*
*Duke University, Durham, NC*

Dr. Wischmeyer, faculty for this activity, is a consultant, investigator-initiated grant recipient, and speaker for CME for Fresenius, Abbot, and Baxter. Additionally, Dr. Wischmeyer is a CME speaker for Nestle. All financial relationships for Dr. Wischmeyer have been mitigated. None of the planners for this activity have financial relationships to disclose.

The University of Maryland School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This activity is jointly provided by Organization Name. No commercial support was received for this activity.

**Presenter Background:**

Paul E. Wischmeyer, MD, EDIC, is a critical care, perioperative and nutrition physician who serves as a Professor with Tenure of Anesthesiology and Surgery at Duke University School of Medicine in Durham, NC. He also serves as the Associate Vice Chair for Clinical Research in the Dept. of Anesthesiology, Director of the Nutrition Team at Duke Hospital. Dr. Wischmeyer’s clinical and research focus is nutrition, critical care, and perioperative care to help patients prepare and recover from acute illness and surgery. Dr. Wischmeyer has received numerous awards from national and international societies, including the Jeffrey Silverstein Award and Memorial Lecture for Humanism in Medicine from the American Delirium Society, The Honorary Samuel Rowling Lecture from the Royal College of Anesthesiology, the John M. Kinney Award for the most significant contribution to the field of general nutrition, the Stanley Dudrick Research Scholar Award of ASPEN where he is also an honorary Fellow of ASPEN (FASPEN), and in 2020 he received the ASPEN George Blackburn Clinical Nutrition Mentorship Award, as well as the Excellence in Nutrition Support Education Award from ASPEN, and he has received the Lifetime Achievement Award of the International Parenteral Nutrition Education and Methodology Advancement for significant contributions to the field of nutrition. Dr. Wischmeyer has over 180 publications in nutrition, critical care, and perioperative care and has been an invited speaker at numerous national and international medical meetings, delivering over 800 invited presentations over his career. He is passionate about training and preparing new young physicians and scientists for careers in academic medicine, perioperative/ICU care, and clinical nutrition.
